2024-03

WELCOME, TO THE WORLD OF LIGHTFIX

We have been developing lightbars since 1993 with the aim of always producing the best possible product solution for you and your customers.

Our daily drive is to provide you with lightbars that leave nothing to be desired in terms of quality and functionality.

The direct line to our professionals – whether advice, ordering or support: our personal customer service is always there for you!

Design meets precision fit – LightFix lightbars are mostly attached to existing mounting points and integrate optimally into the design of the vehicles.

Our wide range of models are constantly optimised and offer solutions for all requirements - so you don't have to leave any customer in the dark.

LightFix lamp brackets are manufactured with passion and fully prepared by us so that they only need to be attached and aligned. Thanks to short production routes and smart logistics, shipping usually takes place within 24 hours.

MY FAVORITE LIGHTBAR

Light bars in our hearts, our customers in our heads – that is our philosophy. We work passionately every day to combine the best possible product with the best possible service for you. With LightFix you always have the right answer when it comes to lighting solutions!
